Submit your assignment on the day school reopens.

Write questions and answers in a File.

1. Subject Enrichment Activity

A. To know about the different methods of preservation.

Collect the wrappers of frozen and canned food items and milk.

Find out about the preservatives present in these food items.

List the various preservatives and methods of their preservation.

OR

B. Paste the wrappers of antibiotics in your notebook and write their names.

(Minimum 2)

2. Portfolio

Read chapters 1 and 2 and make exit cards or write the summary points.

3. Draw well labelled diagrams of microorganisms and write short notes on them.

OR

Draw a mind map to show the steps involved in crop production or useful microorganisms.

4. Name the following: -

Providing water to crops

Keeping crop grains for a long time under proper conditions

Certain plants of the same kind grown on a large scale

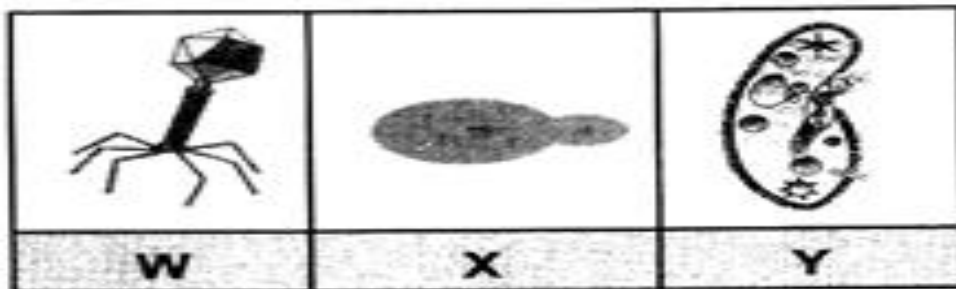

A machine used for cutting the matured crop.

A Rabi crop that is also one of the pulses

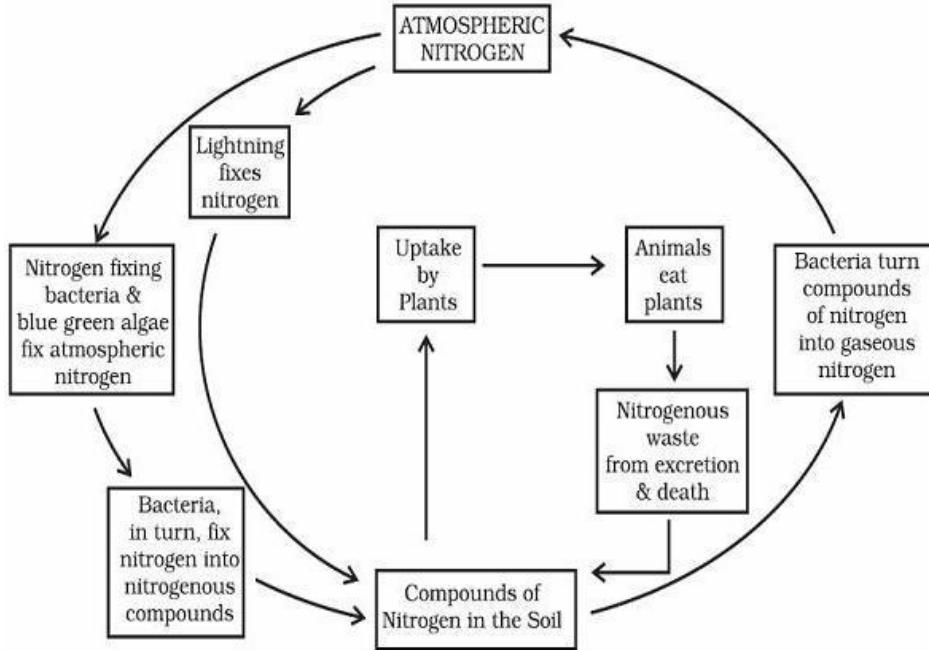

A process of separating chaff from the grains

A way of collecting rainwater & later using it for domestic or other purposes.

5. Study the diagram and complete the table given below.

Sr no.	Name of microorganism	Write groups
W		
X		
Y		

6. Study the above nitrogen cycle and answer the following questions:

- What is nitrogen fixation?
- What is denitrification?
- Name the bacteria which fixes atmospheric nitrogen.

SUBJECT: - SOCIAL SCIENCE

The Covid -19 pandemic has taken the world by storm.

When Prime Minister Narendra Modi announced LOCKDOWN – a move in an effort to “break the chain of transmission of the virus and enforce social distancing among citizens, it’s the local police and CAPF’s who as warriors came to the forefront to ensure and enforce this rule. There is no doubt that the battle is being led on the forefront by healthcare professionals but police too, with innovative ways and kind initiatives are also gathering praise. Prepare a power point presentation and submit t (not more than 10 slides) as to how these warriors are stopping people from breaching guidelines and working in adverse conditions.

OR

THE INDIAN CONSTITUTION

- Create ground rules for your class/school and or list of Rights of each student. You may brainstorm or discuss with your friends about the kind of rules and regulations that you would like to establish for each student as well as for your class to maintain order and fairness. You may decide on various aspects like how the monitor is to be selected, duties of the monitor and students, polite conversations, active healthy discussions, switching off fans and lights in the classrooms when not in use, ensuring equality and fairness, rules on avoiding bullying, etc.

NOTE: Do it on an A4 size sheet and keep it short (2-3 pages).

RESOURCES Resource refers to all the materials available in our environment which are technologically accessible, economically feasible and culturally sustainable. Conserving resources is the need of the hour as they are consumed at a much faster rate as compared to their replenishment.

- Prepare a report and share some ideas that can minimize resource depletion at community level.

SUBJECT :- MATHS

Dear students

Kindly do the following work with neat and clean handwriting.

Make a ppt on the topic “understanding quadrilaterals” of minimum 10 slides.

Do an activity from this link https://www.youtube.com/watch?v=1v90z_zites .

Make a project file on the topic “rational numbers”.

Q1. Explain the following properties with the help of 02 examples of each.

- closure property for rational number.
- commutative property for rational number.
- associative property for rational number.
- distributive property of multiplication over addition and subtraction for rational number.

Q 2. Solve the following equations and check the solutions.

a) $5 - 3(5x + 2) = 4(7 - 3x) + 1$

b) $\frac{6x+1}{3} + 1 = \frac{x-3}{6}$

c) $\frac{x+1}{2x+3} = \frac{3}{8}$

d) $0.3(6 - x) = 0.4(x + 8)$.

e) $\frac{(2+x)(x-7)}{(x-5)(x+4)} = 1$

f) $\frac{9x-7}{3x+5} = \frac{3x-4}{x+6}$

Q 3. Solve $\frac{x+3}{2} - \frac{x-2}{2} = 1$. hence find p, if $\frac{1}{x} + p = 1$

Q 4. find the sides of regular polygon, when each of its angle has a measure of (i) 160° (ii) 135° .

NOTE:

Make one folder.

Write your name, class and section.

Solve all questions on double sided a 4 sheet.

Keep your project file in folder.

संस्कृत

- 1- 1 से 100 तक गिनती संस्कृत में कण्ठस्थ करना व लिखकर लाना ।
- 2- राम, मुनि, लता, नदी, किम् (पु, स्त्री, नपुं.) के शब्द रूप कण्ठस्थ करना व लिखना।
- 3- गम्, पठ्, (पांचो लकारों में) कण्ठस्थ करना व लिखकर लाना ।
- 4- भारतीय महीनों के नाम लिखकर लाना व याद करना ।

SUBJECT: -GENERAL KNOWLEDGE

NOTE- Select any one project on given topics-

Make a project on G 20. Mention following details -
(Goals/objectives of G 20, Member countries name, G 20 leader's name, paste the member countries flag)

OR

Collect pictures related to Yoga-Asanas and write a brief about it and paste it in the project file.

OR

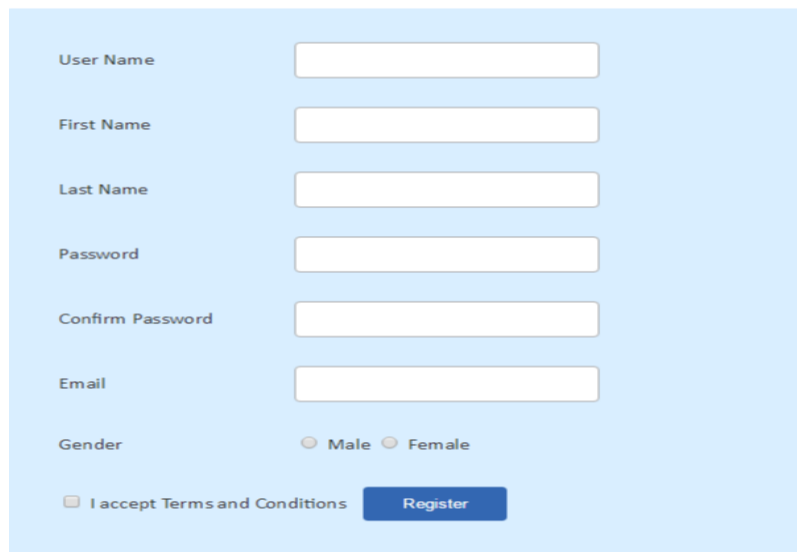

Collect the details of the Heritage sites of Kanpur with pictures and give a brief history of Kanpur and do it in the project file.

SUBJECT: COMPUTER

NOTE- Holiday homework should be done in a separate file.

Q1. Write configuration of your home PC or Laptop (Processor, Operating System, Memory (RAM), Hard Disk Space, Total number of USB ports, MS Office version).

Q2. Create a Registration or sign-up form in HTML.

The image shows a registration form with the following fields and options:

- User Name:
- First Name:
- Last Name:
- Password:
- Confirm Password:
- Email:
- Gender: Male Female
- I accept Terms and Conditions
-
